Tommustokkur 1M MINI, FÍBER, gulur

Vörunúmer: 59110

Folding rule manufactured of fibreglass-reinforced polyamide, which gives increased resistance to moisture. Metric scale in black on both sides and red decimetre figures.

- Increased resistance to moisture.
- Foil embossed scale gives increased protection against wear.
- Type approved as per EU class III.

Tommustokkur 1M mm TRÉ, 10 stk

Vörunúmer: 5916

Traditionally manufactured of downy birch with joints made from Swedish steel that allows for thin sections and a versatile measuring tool. Metric scale in black on both sides with red decimetre figures.

- Type approved as per EU Class III.
- Protective coating with water-based lacquer for increased resistance to dirt and moisture.
- The joints are heat-treated, epoxy coated and oiled at three points to ensure first-class properties.
- Each folding rule section is checked twice in production using high-speed cameras.

Tommustokkur 1M mm FÍBER, 10stk

Vörunúmer: 59160

Folding rule manufactured of fibreglass-reinforced polyamide, which gives increased resistance to moisture. Metric scale in black on both sides and red decimetre figures.

- Increased resistance to moisture.
- Foil embossed scale gives increased protection against wear.
- Type approved as per EU class III.

Tommustokkur 1M mm+tommur TRÉ 10stk

Vörunúmer: **6116**

A classic folding rule manufactured of downy birch with joints made from Swedish steel that allows for thin sections and a versatile measuring tool. Scale with black figures on both sides, metric along bottom edge and English imperial along top edge.

- Protective coating with water-based lacquer for increased resistance to dirt and moisture.
- The joints are heat-treated, epoxy coated and oiled at three points to ensure first-class properties.
- Each folding rule section is checked twice in production using high-speed cameras.

Tommustokkur 1M mm+tommur ÁL

Vörunúmer: **61160**

A folding rule made from anodised aluminium with galvanised steel joints. Scale with black figures on both sides, metric along the bottom edge and British imperial along the top edge. Good resistance to moisture, heat and wear.

- Anodised aluminium with galvanised steel joints affords increased protection against corrosion.
- Good resistance to moisture, heat and wear.

Tommustokkur 1M mm+tommur FÍBER

Vörunúmer: **61161**

Folding rule manufactured of fibreglass-reinforced polyamide, which gives increased resistance to moisture. Scale with black figures on both sides, metric along bottom edge and English imperial along top edge.

- Increased resistance to moisture.
- Foil embossed scale gives increased protection against wear.

Tommustokkur 2M mm+tommur TRÉ

Vörunúmer: **61210**

A classic folding rule manufactured of downy birch with joints made from Swedish steel that allows for thin sections and a versatile measuring tool. Scale with black figures on both sides, metric along bottom edge and English imperial along top edge.

- Protective coating with water-based lacquer for increased resistance to dirt and moisture.
- The joints are heat-treated, epoxy coated and oiled at three points to ensure first-class properties.
- Each folding rule section is checked twice in production using high-speed cameras.

Tommustokkur 2M mm+tommur FÍBER

Vörunúmer: **612100**

Folding rule manufactured of fibreglass-reinforced polyamide, which gives increased resistance to moisture. Scale with black figures on both sides, metric along bottom edge and English imperial along top edge.

- Increased resistance to moisture.
- Foil embossed scale gives increased protection against wear.
